SURPLUS STOCK

FROM

The Huntsville Wholesale Nurseries.

HUNTSVILLE, ALA.

Shipments from St. Louis, Mo.,

AT

ONE DAY'S NOTICE.

We have for the past twenty-three years offered in assorted lots at St. Louis in Spring such stock as we had in surplus. Herein is a schedule of what we now have in St. Louis for immediate shipment. The stock is exclusively of our own growing, at Huntsville, Alabama, fresh dug this Spring, and packed in the best manner in moss and warranted in fine condition. Everything is fine of the grade, with full fibrous roots, and not culled, as we adhere to a strict system of grading.

BELLOWS THE BLIZZARD LINE.

Our nurseries are far enough south to escape the severe freezing weather. Everything is bright, green and fresh—sound to the tips. Nearly all the sorts offered are standard sorts, such as most nurserymen can use in assortment with their own growing. Orders should be sent in as soon as possible, but the stock need not be shipped until wanted, as we are prepared to hold it in good condition. We have nothing for sale not offered in this list.

It will be noticed by some of our correspondents that we have refused orders the past season for several articles listed. Our fear of overselling and some countermarts are responsible for this. We ask attention to the small-sized trees offered for transplanting into nursery rows. All of the small trees, as well as the large ones, are very nicely rooted, and everything is young, smooth and bright.

We can refer to nurserymen who have bought of us in every State and Territory. We can give satisfaction, and guarantee it for these shipments.

TERMS: Cash with order, or 30 to 60 days from date of shipment to responsible, prompt-paying parties. In box lots the price of boxes is included, but the price of boxes or orders filled from the Nurseries is extra. The cost of drayage will be charged in both cases.

For convenience in telegraphing a cipher is given. The cipher word stands for one box only in cases where there are more than one in the same assortment.

ROSES--Dormant. Field Grown. Own Roots and Grafts.

The No. 1 plants will have three or more branches and will be cut back to 18 or 24 inches. The roots are very fine. We make a grade of Roses called No. 1½. This grade will be made up of plants just under No. 1, such as do not have the required number of branches or slightly under weight and height, and make a very nice grade for mailing.

NO. 2 PLANTS FOR TRANSPLANTING AT ONE-HALF THE PRICE OF NO. 1. The tops of No. 2 plants will be cut back to 2 or 3 inches, as they are only intended for transplanting.
